REST API
WebPack
Travis & Circle CI
Git/GitHub
Test Driven Development
Mocha + Chai
Layout/Wireframing
Google Analytics
Object Oriented Programming
Graphic Design
Adobe Photoshop

EDUCATION

TURING SCHOOL OF SOFTWARE AND DESIGN

Front End Engineering Program 2021

UNIVERSITY OF OKLAHOMA

Bachelor of Business Administration -
Management Information Systems

PROJECTS

FUTURE SEEDS | GROUP PROJECT

[FE Repo](#)|[BE Repo](#)|[Deployed Application](#)

Summary: A gardening application that allows users to store information about their seeds and gardening techniques

Technologies Used: GraphQL, ApolloClient, React, Router, Circle CI, JavaScript, CSS, HTML, Cypress

Accomplishments: Working with a BE team and self-teaching GraphQL

PORTFOLIO | SOLO PROJECT

[GitHub Repo](#)|[Deployed Application](#)

Summary: A showcase application that displays a portfolio and custom graphics/animations

Technologies Used: React, JavaScript, CSS, HTML, tsParticles, Photoshop

Accomplishments: Creating an application that focused on CSS and responsive design

QUIZ ME | TEAM PROJECT

[GitHub Repo](#)|[Deployed Application](#)

Summary: An interactive trivia app

Technologies Used: React, Context API, React Router, React Hooks, Cypress, REST API, JavaScript, CSS, HTML, Adobe Photoshop

Accomplishments: Self-teaching Context API, implementing global state management, creating a robust test suite with Cypress

EXPERIENCE

FRONT END DEVELOPER

TURING SCHOOL OF SOFTWARE AND DESIGN - 2021

- ACCET-accredited, full-time, intensive software development program
- Collaborated on over 16 team and solo projects that were built from scratch in 1-2 week sprints in Vanilla JavaScript and React
- Executed 1500+ hours of studying Turing's core curriculum of coding with fundamental technologies, testing, and diversity
- Appointed to the Student Leadership Committee to foster inclusivity, diversity, and collective-collaboration among cohort peers
- Mentored junior developers and assisted in covering materials of front end engineering

MUSICIAN/EDUCATOR/MANAGER

SELF EMPLOYED - 2010 to 2020

- Performed in musical groups that toured throughout the US, internationally, and also appeared on notable programs such as The David Letterman Show
- Produced video, graphics, and photographs for websites and social media content
- Led 6 musical clinics and workshops and taught private lessons to over 50 adults and kids
- Designed and deployed 4 band's websites that used Google Analytics to track fan demographics, compiled press kits, and updated tour dates live
